

Career Objective

Computer Science undergraduate specializing in Data Science with strong foundations in Data Structures & Algorithms, Python, Machine Learning. Passionate about building scalable AI-powered applications and solving real-world problems through analytical thinking, software engineering, and continuous learning.

Educational Qualifications

Degree and Year	Institute Name	Board/University	Grade
B. Tech. (CSE-DS) 2023-27	Gandhi Institute of Engineering & Technology University, Gunupur	GIET University	7.48 CGPA
Class XII (Science) - 2022	Newton Higher Secondary, Sambalpur	CHSE, Odisha	71.5%
Class X - 2020	Saraswati Sishu Vidya Mandir, Bargarh	BSE, Odisha	67.17%

- ## Technical Skills

- Programming Languages:** Python, SQL, Java
 - Databases:** MySQL, PostgreSQL, SQLite
 - AI Engineering:** Feature Engineering, Model Evaluation, Data Preprocessing
 - Machine Learning:** Pandas, NumPy, Matplotlib, Scikit-learn
 - Backend:** FastAPI, Flask
 - Tools:** Git, GitHub, VS Code, Jupyter Notebook, Google Colab

Project Details

Project Name	Sankalp AI-Powered Athlete Performance Analysis Platform
Tech Stack	Python, OpenCV, MediaPipe, Scikit-learn, Pandas, NumPy, FastAPI
Description	- Developed an AI-powered platform to analyze athlete performance using computer vision and machine learning techniques. - Implemented secure authentication, athlete profile management, and video-based performance assessment. - Designed scalable backend APIs and integrated databases to support athlete evaluation and result management.

Project Name	Peupl Peer-to-Peer Skill Exchange Platform
Tech Stack	Next.js, React.js, Tailwind CSS, Node.js, Express.js, Supabase, Google Authentication
Description	- Developed a full-stack platform that enables users to exchange skills, connect with mentors, and manage learning sessions. - Implemented secure authentication, user profiles, skill listings, and search functionality. - Built RESTful APIs and integrated databases to support seamless user interactions and platform management.

- ## Achievements

 - Secured 7th place among participating teams in a Hackathon organized by our University.
 - Shortlisted for the second round of the Smart India Hackathon (SIH) on two occasions.
 - Represented GIET University as a Volleyball player in multiple inter-university competitions.

- ## Certifications

 - RAG & LLM Fundamental by Simplilearn
 - Joy of Computing using Python by NPTEL
 - IIT Bombay Spoken Tutorial on PHP and MySQL
 - Google AI-ML (Eduskills)

- ## Position of Responsibility

Team Leader | Sankalp – AI-Powered Athlete Performance Analysis Project

 - Led the development and technical implementation of an AI-powered athlete performance analysis platform.
 - Coordinated task allocation, team collaboration, and project execution.
